

Instructions for submitting a Resolution as part of the ARR

All applicants applying under the Application Intake System for Rural Utilities Service (RUS) Programs are required to submit an Authorized Representative Request (ARR) and a resolution in order to access RUS's online application systems. Additionally, all RUS Program borrowers and grant recipients required to use the reporting and compliance (R&C) system, are required to submit an ARR and resolution. The resolution, or its equivalent, is dependent on the legal structure of the applicant. Sample resolutions for corporations and LLCs are included on pages 2 and 4 of this document. If the applicant is an entity other than a corporation or LLC, then the content in the sample resolutions can be modified to reflect the applicant's legal structure.

To prevent the submission of an unacceptable resolution and rejection of the ARR, please review the following information before submitting an ARR:

- The resolution must include the exact legal name of the applicant as shown in the organizational documents filed with the respective Secretary of State's office.
 - If an entity conducts business under a DBA, **do not** include the DBA as part of the legal name of the entity.
- The legal name stated in the resolution must match the legal name stated in the ARR. The names of the Representative Signature Certifier (Rep-Sign-Cert) and Administrator(s) identified on the ARR must be clearly specified in the resolution.
- An applicant can assign only **one** individual as a Rep-Sign-Cert and one or more individuals as Administrators.
- All individuals listed on the ARR must be employed by the applicant and have a verified Login.gov account.
- At a minimum, applicants will have to identify a Rep-Sign-Cert on the ARR. The role of an Administrator(s) and other roles can be added in the system by the Rep-Sign-Cert at a later date once the ARR has been approved.
- The individual identified as the Rep-Sign-Cert will have the authority to provide signatures, authorize certifications, enter/update applications, submit applications for consideration, and assign access to new users. If awarded, the Rep-Sign-Cert will also have the authority to enter/update compliance reports, submit compliance reports, and assign access to new users.
- The individual(s) identified as Administrator(s) will have the authority to enter/update applications in the online application system, enter/update compliance reports in the financial reporting and compliance system, and assign access to new users in both the online application and financial reporting and compliance system.
